

JATINDRA KUMAR SONI

Data Analyst

Raipur, Chhattisgarh, India | +91 6261341868 | jatindrasoni1510@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on **7+ month internship experience** and strong technical skills in SQL, Python, Power BI, and Tableau. Skilled in data cleaning, exploratory data analysis (EDA), data modeling, and building end-to-end ETL pipelines to support KPI reporting and business decision-making. Completed **10+ end-to-end analytics projects** translating raw, messy data into interactive dashboards and actionable business insights. Effective at gathering reporting requirements, ensuring data quality, and communicating findings to stakeholders.

CORE SKILLS

Programming & Analysis: Python (Pandas), SQL, Microsoft Excel, Data Structures & Algorithms ([LeetCode](#))

SQL: Joins, CTEs, Window Functions, Subqueries, Aggregate Functions, CASE Statements

BI & Data Visualization: Power BI (Power Query, DAX), Tableau, Dashboard Development, KPI Reporting

Databases: MS SQL Server, PostgreSQL, MySQL

Data Analysis: Data Cleaning & Wrangling, ETL Development, EDA, Data Modeling, Star Schema Design, Data Quality & Validation

Business & Product Analysis: Funnel, Cohort, Retention & Churn Analysis, Customer Segmentation, A/B Testing, RFM Analysis

Tools: Git/GitHub, Jupyter Notebook, VS Code, Cursor AI

PROFESSIONAL EXPERIENCE

Business Analytics Intern | Cognifyz IT Solutions Pvt. Ltd. Remote

Aug 2026 – Present

Project :- Investment Analysis Plans

- Analyzed a consumer investment-behavior dataset in Python (Pandas), performing data overview, descriptive statistics, and exploratory data analysis (EDA) on demographic and financial variables.
- Identified the most preferred investment avenues, common information sources, and average investment duration through frequency and statistical analysis of survey responses.
- Explored correlations between age, investment duration, and expected returns; built an interactive Power BI dashboard to visualize investment preferences for stakeholder reporting.

Data Analyst Intern | AiBrix Remote

Mar 2026 – Present

- Extracted, cleaned, and transformed datasets using Python, Pandas, and NumPy to prepare data for analysis.
- Wrote SQL queries to extract, transform, and analyze data, supporting business insight generation.
- Performed exploratory data analysis (EDA) and built visualizations to identify trends and patterns in business data.

PROJECTS

Independently built **10+ end-to-end data analyst projects** using SQL, Python, Pandas, Excel, Power BI, and DAX, covering data cleaning, ETL, data modeling, dashboard development, and business analysis; developed **300+ SQL queries** and **50+ DAX measures** to support KPI reporting, customer analysis, and product insights.

End-to-End Data Warehouse & ETL Pipeline — SQL Server, T-SQL, Star Schema

- Designed and implemented a Medallion (Bronze, Silver, Gold) data warehouse architecture in SQL Server; built ETL pipelines to ingest, clean, transform, and load CRM and ERP data.
- Developed a star schema with fact and dimension tables, implementing data quality checks, deduplication, and business rules using T-SQL and stored procedures.

Zomato Food Delivery Analytics Dashboard — Power BI, DAX, Power Query, Excel

- Built a 6-page Power BI dashboard (61+ visuals) **analyzing 200K+ orders, 56K+ restaurants, and 20K+ customers** (2023–2025) across executive, customer, and restaurant performance views.
- Developed **25+ DAX expressions** (21 measures, 5 calculated columns) for KPI, status, customer, and time-intelligence calculations, tracking revenue, cancellation %, and repeat customer %.

Customer Shopping Behavior Analysis — Python, PostgreSQL, Power BI, Excel

- Cleaned and transformed 3,900 customer records using Python/Pandas, including missing-value handling and feature engineering; analyzed segments, revenue, and subscriptions in PostgreSQL.
- Built an interactive Power BI dashboard visualizing customer demographics, sales, and revenue trends, delivering data-backed recommendations for loyalty and targeted marketing.

CERTIFICATIONS

Cognifyz — Business Analytics Internship Certificate | AiBrix — Data Analyst Internship Certificate | Great Learning — HTML & Python | HackTheSpace & CodeLoom — Participation Certificates

EDUCATION

Bachelor of Technology — Computer Science & Business Systems (CSBS), Shri Shankaracharya Technical Campus, Raipur, CG | CGPA: 7.79
